

# Digital Arts Program

We have had so much fun exploring videography and photography with local teens and tweens! Want to see some of the super shows the kids have turned out? Just click on the link below.

**BEST BUY Grant Movies**

Thanks to a grant from the Best Buy Children's Foundation, kids have brought history to life, played reporter at local events, turned a play into a television show, took pictures of half the county—and even won a national contest!

We will continue this program after the grant ends, so let us know if you have a class or youth group with a great project idea. Call Heather Pelham at 545-3327 or email [hpelham@gtcounty.org](mailto:hpelham@gtcounty.org).
