photography of:

Gary Lucas

Gary Lucas has been photographing people, places, pets and wildlife since 1970. His ownership of Lucasgroup Advertising (before his semi-retirement in Pawleys Island, South Carolina) led to an opportunity to photograph the Miami Dolphins, beginning in 1972 when the team had their Perfect Season. Through his small ad shop he shot for clients including Pepsi-Cola and RCA Records, plus a long list of local, regional and national homebuilders, restaurant chains and home health care companies. Today he focuses on family, children and pet photography along our coastal beaches, as well as a passionate quest to capture Mother Nature's most awe-inspiring scenes and wildlife. His award-winning photography has garnered him a following from all corners of the world... "A humbling experience for which I give God the credit."
